Teens uniting to make a difference

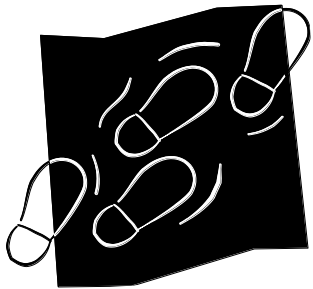

Calling all teens

The American Red Cross, Monroe Chapter and the Community Foundation of Monroe County youth groups unite to provide Monroe County teens with opportunities to volunteer and learn about charitable giving. The groups are combining forces to make a stronger effort to support and enhance our community.

Monroe County teens are encouraged to become involved by attending our next monthly meeting. The young adults will learn about the community through service projects and activities and grant making.

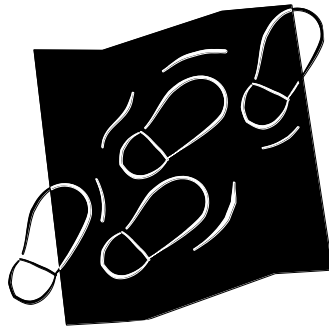

Our goal is to teach these young adults about volunteering and their responsibilities to the community where they live, work and play.

Through these meetings the teens will have real opportunities to make a difference in the County.
